

Application Serial No. 10/039,684
Amendment dated December 11, 2003
Reply to Office Action of August 31, 2003

REMARKS

Applicant re-submits its Amendment of October 31, 2003, to clarify the status of pending claim 75.

Further, on page 21 of that Amendment, the last paragraph, applicant states that "Claims 2-16, 41-43, 45-49 and 59-76 remain in this case and all are clearly allowable." when, in fact, the paragraph should read –Claims 2-16, 41-43, 45-49 and 59-75 remain in this case and all are clearly allowable.– For the record, there is no claim 76 in this application.

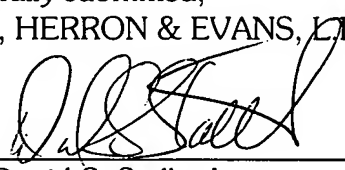

Having re-submitted its claims in proper form and clarifying the typographical error referring to claim 76 on page 21, applicant again states that all independent claims are clearly allowable, together with all claims depending therefrom.

Reconsideration and allowance of all remaining claims is respectfully requested.

If any charges or credits are necessary to complete this communication, please apply them to our Deposit Account 23-3000.

Respectfully submitted,
WOOD, HERRON & EVANS, L.L.P.
